THE TOWNSHIP OF ALMONT ORDAINS:

SECTION 1. DANGEROUS BUILDINGS DEFINED:

As used in this ordinance. "dangerous building" means any building or structure which has any of the following defects:

- A. Whenever any portion has been damaged by fire, wind, flood, or by any other cause in such a manner that the structural strength or stability is appreciably less than it was before such catastrophe and is less than the minimum requirements of the Township building code for a similar new building or structure.
- B. Whenever any portion of the building or structure is likely to fall or to become dislodged, or to collapse and thereby injure person or damage property.
- C. Whenever for any reason whatsoever the building or structure or any portion is manifestly unsafe for the purpose for which it is used.
- D. Whenever the building or structure has been so damaged or deteriorated that the interior of the building is exposed to elements and is accessible to entrance by trespassers and may become an attractive nuisance to children who might play therein to their danger.
- E. Whenever a building or structure used or intended to be used for dwelling purposes, because of dilapidation, decay, damage or faulty construction or arrangement or otherwise, is unsanitary or unfit for human habitation or is in a condition that is likely to cause sickness or disease or is likely to work injury to the health, safety, or general welfare of those living in or near it.

SECTION 2. INSPECTION.

The building inspector shall inspect and file a report on all buildings and structures which he believes to be dangerous buildings as defined in this ordinance.

SECTION 3. NOTICE.

When the whole or any part of any building or structure is found to be in a dangerous condition, the Building Inspector shall issue a notice which shall specify the nature of the dangerous condition and the repair or demolition necessary to make the building or structure safe.

A. The notice shall be directed to the person or persons in whose name the property appears on the most recent Township tax assessment records.

B. The notice shall specify the time and place of a hearing before the Township Board at which the person or persons to whom the notice was directed shall have the opportunity to contest the findings of the building inspector.

C. All notices shall be sent by certified mail or otherwise delivered at least (10) days before the date of the hearing described in the notice.

SECTION 4. HEARING.

The Township Board shall conduct a hearing reviewing the findings of the building inspector. All relevant information provided by the owners or other persons interested in the property and all relevant information provided by the building inspector shall be considered.

A. If it is determined by the Township Board that the building or structure is not dangerous or unsafe, no further action shall be taken.

B. If it is determined by the Township Board that the building or structure should be repaired, demolished, or otherwise made safe, it shall so order, fixing a time within which compliance must be completed.

C. A copy of the decision of the Township Board shall be sent by certified mail or otherwise delivered to the person or persons to whom the original notice was sent.

SECTION 5. COMPLIANCE.

Complying with a Township Board decision to require the repair, demolition, or making safe of a building or structure shall be the responsibility of the duly notified persons having an interest in the property.

SECTION 6. FAILURE TO COMPLY; LIEN.

If the responsible persons do not comply with the Township Board's decision within the time specified, the Township may arrange to have the required repair, demolition, or other work completed. The cost of such required repair, demolition, or other work shall be a lien against the real property on which the building or structure is located and shall be assessed against said real property on the next tax roll.

SECTION 7. APPEAL.
