#2. Review proposed draft amendments:

Scott Kree from ROWE Professional Services went through the changes/corrections as discussed with the planning commission on Articles 2 and 8. As the amendments to Zoning Ordinance No. 39 are quite lengthy, it was suggested that the commissioners review all documents as presented by ROWE and if there are any questions or concerns on any of the amendments, to contact Mr. Kree. It was the consensus of the Commissioners present to hold the public hearing to adopt all revisions as presented to Zoning Ordinance 39 at the July 12, 2017 meeting. Upon holding the public hearing, the suggested revisions, updates and corrections will be forward to the Township Board for their approval.

Reports: Planner – Mr. Richard Abasso was present to inform the commissioners of his plan to open a tobacco shop and also a hookah bar. Mr. Abasso noted that he has spoken to the owner of 4260 Van Dyke and would like to lease 2 separate units, one for the “smoke” shop and one for the hookah bar. Mr. Abasso had provided a business plan that was given to the commissioners prior the meeting. Brief discussion was held. Mr. Kree suggested that as this use is not listed in the ordinance it should be brought before the Zoning Board of Appeals for interpretation.
